Vi loss widens to ₹7,595 cr in Q2 on high expenses

ANEESH PHADNIS  
Mumbai, 3 November

Vodafone Idea's (Vi's) net loss widened 6.4 per cent on a year-on-year (YoY) basis at ₹7,595 crore in the second quarter of FY23 due to a rise in finance and operating expenses. In the same period last year, the company had posted a net loss of ₹7,132 crore. The net loss widened by 4 per cent on a sequential basis. In the first quarter of FY23, Vi had rung up a net loss of ₹7,296 crore. Gross revenue in the second quarter of FY23 increased by 12.8 per cent YoY to ₹10,614 crore while earnings before interest, tax, depreciation and amortisation (Ebitda) grew 6 per cent to ₹4,097 crore. Operational expenses rose 17.5 per cent YoY to ₹6,517 crore while finance expenses went up 18.7 per cent to ₹6,033 crore. Average revenue per user (ARPU) improved to ₹131, up 2.3 per cent quarter-on-quarter from ₹128 in Q1 of FY23. The company lost six million subscribers sequentially and its user base stood at 234.4 million at the end of the second quarter. However, the 4G customer count grew by 1.6 million sequentially to 120.6 million. Data consumption by 4G customers increased sequentially by 4.6 per cent to 15 GB/month. Vi has been struggling operationally and financially and previous rating downgrades have resulted in an increase in finance costs. Certain vendors have asked for an immediate repayment of their outstanding

dues and the company's ability to continue as a going concern remains dependent on fund raising and successful negotiations with vendors. "As on date the group has met all its debt obligations," Vi said. Gross debt as of the end of September stood at ₹2.2 trillion, comprising deferred spectrum liabilities and bank borrowings. Spectrum liabilities have risen due to recently bought spectrum, and Vi has cut its bank debt sequentially. While Airtel and Jio have rolled out 5G, Vi is yet to finalise its contracts for network equipment. In a statement, Vi Chief Executive Officer Akshaya Moondra said the company was engaged with lenders and investors regarding further fundraising for

network expansion and the 5G roll-out. Moondra said the company reported a fifth consecutive quarter of revenue growth and 4G subscriber addition. The promoters — Vodafone Group Plc and Aditya Birla group — have pumped in over ₹4,900 crore. However, Vi has been unable to raise funds from external investors. The conversion of interest on adjusted gross revenue dues into equity to the government, too, has not materialised. "We continue to focus on expanding our high-speed broadband network coverage and capacity. We also continue to reform 2G/3G spectrum to expand our 4G coverage and capacity as well as upgrade our core and transmission network," it said.

Adani Enterprises Q2 net more than doubles

VIVEAT SUSAN PINTO  
Mumbai, 3 November

Adani Enterprises' consolidated net profit for the quarter ended September (Q2) more than doubled versus last year to ₹461 crore, its results showed on Thursday. The company's consolidated revenue in Q2 surged nearly threefold year-on-year (YoY) to touch ₹38,175 crore. While profit for the quarter came below Street estimates of ₹554 crore as pegged by a poll of analysts by Bloomberg, its revenue reported by the company was ahead of the consensus estimate of ₹34,669 crore for the period. Consolidated earnings before interest, tax, depreciation, and amortisation rose 69 per cent to ₹2,136 crore versus last year, its results showed. Bloomberg consensus estimates had pegged Ebitda in Q2 at ₹1,643 crore, implying the reported number was well ahead of Street estimates, analysts said. The robust growth

in the topline and operational performance was on account of a strong earnings show by the integrated resource management business and airports vertical, the company said in a statement. Integrated resource management includes coal management operations. This business gives Adani Enterprises, led by billionaire Gautam Adani, almost 80 per cent of its revenue.

Hero MotoCorp profit falls 9% to ₹682 crore

DEEPAK PATEL  
New Delhi, 3 November

Hero MotoCorp's consolidated net profit fell by 8.63 per cent year-on-year (YoY) to ₹682.28 crore in the second quarter of FY23 amid weakening rural demand. The company had earned ₹747.79 crore net profit in Q2 of FY22. In its BSE filings, the company said it invested ₹262 crore in electric two-wheeler maker Ather Energy during the first half of FY23. Hero MotoCorp owns approximately 35 per cent stake in Ather Energy. India's largest two-wheeler maker said it earned ₹9,252.22 crore in Q2 against ₹8,696.8 crore in the same quarter a year ago. Niranjan Gupta, chief financial officer (CFO) of Hero MotoCorp, said the results reflected its continued financial discipline, focus on cost savings, capital allocation, and also ensured premiumisation of its portfolio on the other.

A first for industry: Hyundai may ink pacts for direct power purchase

DEEPAK PATEL  
New Delhi, 3 November

In a first for a car company in India, Hyundai Motor India Ltd (HMIL) may sign direct power-purchase agreements to procure electricity, both conventional and renewable, from power generators or through the grid to boost its charging infrastructure for electric vehicles (EVs) in the country. Such direct contracts will assist the carmaker in getting cheap power. Companies usually rely on discounts from electricity supply at relatively high commercial rates. HMIL, which has EV-charging points at its 34 dealerships, is planning to do sizeable investment in its charging infrastructure, sources said. Lack of sufficient EV-charging points is a major factor hampering the growth of EVs in India. The South Korean carmaker, which is planning to launch six EVs in India by 2028, had on August 8 this year amended its Articles of Association (AoA) to include the aforementioned points regarding direct electricity procurement. Business Standard has reviewed the revised AoA. HMIL did not respond to queries sent by the newspaper. In its revised AoA, the company said it planned to "invest in electric charging infrastructure, develop revenue models,

enter into all types of contracts, agreements including but not limited to consultancy services, development of software, procurement of electricity either from the grid or through non-renewable sources etc". Green as well as non-green power producers sell electricity in the open market "grid". HMIL sells one EV — Kona Electric — in India. The company is expected to launch a second EV — Ioniq 5 — for the Indian market in a few months, sources said. EV sales are seeing huge growth amid the Central government's push for greener vehicles.

According to the Federation of Automobile Dealers Associations (FADA), 18,142 EVs were sold in the first half of FY23 against 4,932 units in the corresponding period of FY22. HMIL is a small player in the Indian EV market, which is dominated by Tata Motors. HMIL sold 309 EVs (Kona Electric) in India during the first half of FY23 as compared to Tata Motors, which sold 15,518 in the same period, according to FADA. In terms of domestic car sales, HMIL was number two in September. According to the FADA, the South Korean carmaker sold

39,118 cars in India last month. Maruti Suzuki was at number one with 103,912. In a statement on May 17, Tata Power had said it had signed a memorandum of understanding (MoU) with HMIL to set up fast chargers (DC 60 kW) at the latter's existing 34 EV dealer locations in 29 cities along with the supply, installation, and commissioning of home charging for the car company's EV customers. However, the statement did not mention anything about any power-purchase agreement between HMIL and Tata Power. "Currently, all 34 HMIL dealer locations are equipped with AC 7.2 kW chargers, and the company aims to expand the fast-charging infra network across its pan-Indian dealerships. This new partnership will be of tremendous benefit to customers as the vehicle-charging time of a DC 60 kW charger is much less than the AC 7.2 kW charger. DC 60 kW charging stations will enhance customer convenience," Tata Power had said in its statement. Under the tie-up, the charging stations at HMIL dealers will be open for EV owners of all firms, it had said. "Also, end-to-end charging solutions at the home of HMIL's EV owners will be offered by Tata Power for their convenience resulting in hassle-free EV ownership," Tata Power had added.

# मुख्यमंत्र्यांच्या टाण्यावर भाजपचे विशेष लक्ष

## दोन महिन्यांत चंद्रशेखर बावनकुळे दुसऱ्यांदा टाण्यात

विशेष प्रतिनिधी / ठाणे

राज्यात सत्ताबदल झाला असून, भाजपच्या मदतीने शिवसेनेतील फुटीर गटाचे नेते एकनाथ शिंदे हे राज्याचे मुख्यमंत्री आहेत, तर भाजपचे देवेंद्र फडणवीस उपमुख्यमंत्री आहेत. दुसरीकडे राज्यात सत्ताबदल होताच २०२४ च्या लोकसभा व विधानसभेच्या निवडणुकीची तयारी भाजपने सुरू केली असून, मुख्यमंत्री पुत्र डॉ. श्रीकांत शिंदे यांच्याकडे असलेला कल्याण मतदारसंघ आपल्याकडे घेण्याची खेळी भाजपने यापूर्वीच सुरू केलेली आहे. त्यामुळे आता मुख्यमंत्री शिंदे यांचा बालेकिल्ला असलेल्या टाण्यावरही भाजपने लक्ष केंद्रित केल्याचे म्हटले जात आहे. दोन महिन्यांत दुसऱ्यांदा भाजपचे प्रदेश अध्यक्ष चंद्रशेखर बावनकुळे टाण्यात येत असून, शनिवारी ते शहरात जाहीर मेळावा घेणार आहेत.

दोन दशकांपूर्वी ठाणे जिल्हा हा भाजपचा गड समजला जायचा, परंतु शिवसेनेने ते तत्कालीन जिल्हा प्रमुख आनंद दिघे यांनी ठाणे जिल्ह्यात भगवे वादळ निर्माण केले आणि भाजपकडून लोकसभेची टाण्याची जागा शिवसेनेकडे खेचून घेतली.

मतदारसंघाच्या पुनर्रचनेनंतर कल्याण लोकसभा हा भाजपचा हक्काचा मतदारसंघ शिवसेनेने प्रतिष्ठेचा करत स्वतःकडे घेतला

आणि भाजपला भिवंडीला पाठवून दिले. दरम्यान सध्या राज्यात मुख्यमंत्री एकनाथ शिंदे असले तरी सरकारमध्ये भाजपचा वरचष्मा आहे. त्यामुळे आपले गेलेले मतदारसंघ परत मिळवण्याची तयारी भाजपने सुरू केली आहे. दुसरीकडे एकनाथ शिंदे यांनी मूळ शिवसेनेपासून फारकत घेतली असली तरी

## ठाणे भाजपमय करण्याची तयारी

लवकरच टाण्यात महापालिका निवडणुका होणार असून शिंदे गटाच्या मदतीने ठाणेदार होण्याची स्वप्ने भाजप नेत्यांना पटू लागली आहेत. लोकसभेत कल्याण, ठाणे आणि भिवंडी हे तिन्ही मतदारसंघ भाजपकडे आहे. विधानसभेत ठाणे त्यांच्याकडे असले तरी, मुख्यमंत्री शिंदे यांच्या रूपाने कोपरी पाचपाखाडी, प्रताप सरनाईक यांचा ओवळा माजविडा हे मतदारसंघ जिंकण्याची तयारी भाजपने सुरू केली आहे.

# काळा तलाव परिसरात महिनाभर नो-एन्ट्री

## स्मार्ट सिटीच्या कामासाठी बंद राहणार

प्रतिनिधी/ कल्याण

कल्याणच्या ऐतिहासिक काळा तलाव (भगवा तलाव) सुशोभीकरणाचे काम स्मार्ट सिटी प्रकल्पातून सुरू आहे. मात्र या तलावाच्या परिसरात सकाळी आणि संध्याकाळी फेरफटका मारण्यासाठी येणाऱ्या तसेच उद्यानात विरंगुळ्यासाठी येणाऱ्या नागरिकांची संख्या मोठी असल्याने कामात अडथळा येत आहे. यामुळेच काम वेगाने पूर्ण करण्यासाठी काळा तलाव परिसरात नागरिकांना प्रवेश बंदी करण्यात आली आहे. १ नोव्हेंबर ते ७ डिसेंबरपर्यंत काळा तलाव परिसरात नागरिकांना प्रवेश बंदी करण्यात आली आहे. यासाठी पोस्टर प्रवेश द्वारवर लावत प्रवेशद्वार कुलूप बंद करण्यात आले आहे.

कल्याण शहरात तलावांची संख्या मोठी आहे. काही तलाव आजूच्या घडीतून जिवंत आहेत तर

काही मृत अवस्थेत आहेत. कल्याणच्या या काळा तलावाला विशेष महत्त्व आहे. शिवसेना प्रमुख बाळासाहेब ठाकरे यांचे वडील स्व. प्रबोधनकार ठाकरे यांचे काही काळासाठी या तलावाच्या परिसरात वास्तव्यास असल्याचे जाणकार सांगतात. स्व. बाळासाहेब ठाकरे यांचे काळा तलाववर विशेष प्रेम होते. त्यांची आठवण म्हणून येथील तलाव परिसरात बाळासाहेब ठाकरे यांचे भव्य स्मारक उभारण्यात आले आहे.

स्मारकासह तलावाच्या परिसरात ओपन जिमचे उपकरणे, बसण्यासाठी जागा, लहानमुलांसाठी खेळण्यासाठी विविध खेळाचे साहित्य याठिकाणी उभारण्यात आले आहे. त्यामुळे आजूबाजूच्या परिसरातील नागरिकांसाठी काळा तलाव हे विरंगुळ्याचे आणि व्यायामाचे ठिकाण बनले आहे. या काळा तलावात सध्या स्मार्ट सिटी प्रकल्पातून तरंगते हॉटेल उभारण्यासह विविध कामे केली जात आहेत.

naval post overlooking the Thane creek – as a memorial at Durgadi Sea Fort the Navy said. The T-80 memorial will be part of the Naval Gallery Campus at SKDCL's Riverfront Development Project, with an aim to spread sea consciousness among people, the official of

the SKDCL added. INFAC T-80 – built by IAI Ramta in Israel – was commissioned on June 24, 1998, and decommissioned on October 7, 2021, after rendering stellar service of 23 years. The vessel was specifically designed for shallow water operations and patrolled extensively to provide security to Mumbai High Offshore Development Area and the coast of Maharashtra.

“Even after decommissioning, T-80 will continue serving the country and inspire Indian youth visiting the Naval Museum at Durgadi Fort, Kalyan. The memorial

will also showcase the state's rich maritime history, especially the roles played in it by the Maratha Navy and the Indian Navy,” the Navy added. The Indian Navy had previously erected the decommissioned warship ex-Prabal at EsselWorld in the north-western part of Mumbai. Earlier this year, the Navy and the Uttar Pradesh government signed an MoU to keep alive the legacy of INS Gomati – a Godavari class guided-missile frigate – which had been in service for 34 years. The frigate has been displayed in an open air museum on the picturesque banks of the Gomati river in Lucknow, where several of its combat systems will be displayed as military and war relics.

Give row house or refund with interest, directs commission

STAFF REPORTER Mumbai

The State Consumer Disputes Redressal Commission (SCDRC) has directed Andheri-based developers to provide a row house after accepting the balance amount within one month of the order or give a refund with 8% interest from April 2011 till the date of payment. The commission further directed that Rs30,000 be paid for mental agony and litigation costs. The order dated October 20, 2022, was given on a complaint by Samant Kumar Singh and Chhaya S Singh – residents of Nalasopara (east) – against Sapphire Space Infracon Pvt Ltd and Sri Ram Land Development India Pvt Ltd. It was given by SCDRC Mumbai Suburban

The delivery was scheduled for March 2011, but the date was pushed to 2012, followed by 2015 and finally 2020

president RG Wankhade and members Preethi Chamikutty and Shraddha M Jalana-purkar. One of the parties that were involved in the case was removed due to an earlier order of the commission and the complainants were told they are free to pursue a case against them separately. The Singhs had booked a row house in Sathanagar (Palghar) in March 2010 and the delivery was scheduled for March 2011. However, the date was pushed for one rea-

son or the other from 2012 to 2015, and then finally to 2020. While booking the flat, the duo had paid Rs2.51 lakh as the booking amount and were staying on rent at that time. The complainants also provided copies of leave and license agreements prepared from time to time and the number of times they had to change their house in the interim period. One of the opponents said the delay in filing of the complaint by the Singhs has not been explained well and hence it needed to be dismissed. However, the commission noted that the complainants were harassed not only on account of not getting the row house but also because they had to look for a new place from time to time and had to pay rent too.

CR to create more space for local commuters

KAMAL MISHRA / Mumbai

Local commuters of Central Railway (CR) will get more space on platforms of major suburban stations in the near future. In the first phase, platforms five and six of Thane station and platform number two and three of Kalyan station will be decongested. The newly appointed divisional railway manager of CR's Mumbai division, Rajnish Kumar Goyal is also working on decongesting platforms at Dadar. Work is expected to be completed by March 2023. “For immediate relief, 18 pairs of long-distance trains have been shifted to other platforms and 10 more pairs, currently handled at platforms 5-6 of Thane will be shifted to platforms 7-8 to create more space for suburban passengers,” said Mr Goyal.

NMMC begins supply of treated water to six industrial units on pilot basis

AMIT SRIVASTAVA / Navi Mumbai

The Navi Mumbai Municipal Corporation (NMMC) has started supplying recycled water to six industrial units located in Turbhe of the Trans Thane Creek (TTC) industrial area from the tertiary-level sewage treatment plant (STP) at Koparkhairane. The civic body is now in talks with other industrial units to supply treated water which can be used, except for consumption. In order to supply recycled water to industrial units, the civic body laid a 53.134km long pipe network between Vashi and the Koparkhairane

STP. Meanwhile, the work on another tertiary-level STP in Airoli is in the last stage. The newly constructed Koparkhairane STP has the capacity to recycle up to 20 million litres per day (MLD) of sewage water. At present, 6MLD is generated from this tertiary plant and supplied to six industrial units in Turbhe MIDC on an experimental basis. NMMC Commissioner Rakesh Narvekar has directed the civic engineering department to contact industrial units and supply the remaining recycled water. “The recycled water from secondary treatment in the state-of-the-art STP is being

processed using advanced technology such as ultra-filtration and ultraviolet exposure to produce recycled water of a standard that can be used by industries,” said an official. He added that the civic body has also constructed water reservoirs at Mhape, Turbhe and Nibban Hill in Rabale having a capacity

range of 0.075million litres to 2.5million litres. According to senior civic officials, a number of industrial units have shown interest to buy treated water from NMMC as it works out cheaper than procuring water from the MIDC. At present, the industrial units in the TTC area get water from the MIDC at Rs22.50 per cubic meter and a total of 50MLD of water is supplied per day. However, the civic body will provide water with tertiary-level treatment at Rs18.50 per cubic meter. The civic body expects to churn out around Rs494 crore in the next 15 years through this endeavour.
